Bright Horizons Enhanced Family Supports

Honeywell Aerospace has partnered with **Bright Horizons®** to help you better manage your many work, family, and personal responsibilities.

Bright Horizons Enhanced Family Supports™ offers discounts and supports for many of life's key moments! Services include:

- Special privileges for full-time child care, such as **preferred enrollment and waived registration** fees at Bright Horizons centers
- Free premium access to Sittercity, a fantastic solution for finding **babysitters, pet care providers, and housekeepers**
- Discounts on a local, personalized placement service that will **help you find a full-time nanny**
- Exclusive senior caregiving resources

Please Note: Current offerings provided under Bright Horizons Enhanced Family Supports are subject to change. Check your benefit site for details on the current program.

Access this **free** benefit by creating an account: https://clients.brighthorizons.com/HoneywellAerospace. For more information, please review the FAQs below, use the "Ask Red" feature, visit Honeywellaerospacebenefits.com, or reach out to Bright Horizons for further details.

What is Preferred Enrollment? Do I have to pay a registration fee to enroll?

Preferred Enrollment allows you to gain access to available full-time child care spaces in Bright Horizons centers ahead of the general community. Your registration fee at Bright Horizons centers is waived through Preferred Enrollment. When selecting a center from your Bright Horizons benefits page, download the available coupon, print it, and bring it with you when you visit.

What is Sittercity and how do I access it?

Your free premium Sittercity membership enables you to quickly find babysitters, housekeepers, pet care, and more, and includes unlimited basic background checks at no cost. The service also includes online forums, tools, and resources that will help you choose someone that meets your preferences and needs for occasional and everyday child care, care for children with special needs, household help, and even dog walkers. To access these tools and resources, go to your Bright Horizons benefit page, click "Enhanced Family Supports" in the Benefit summary box, and click "Explore benefits" to find the Sittercity option that meets your needs.

How much does Sittercity cost?

You are provided a free premium Sittercity membership. The cost of care varies based on geographic region, type, number of children or pets, and age of care recipients (i.e., infant care prices often differ from the cost of care for school-age children). Sittercity offers a rate calculator in the Trust and Safety Center, which can help you determine market pricing for the services you need. You can indicate a preferred hourly rate when posting a job and work with caregivers that best fit your financial requirements.

Where can I get more information on the other services available such as nanny placement?

Visit https://clients.brighthorizons.com/HoneywellAerospace to review all the current offerings in more detail!
