

# Get care anytime, anywhere

With 24/7 Care from Teladoc Health, you have a virtual healthcare partner wherever you are—by phone, online or in the app. Licensed care providers can help with colds, flu, allergies and more.

## Teladoc Health 24/7 Care offers:

### Comprehensive treatments

Birth control, erectile dysfunction, hair loss, insomnia and more.

### Specialist consults

Follow-up care, including diagnostic tests and imaging.

### Prescription support

Prescriptions and refills for the medications you rely on.

### Proactive care

Preventive strategies and treatment plans that help you stay ahead.

### Convenience

Same-day, confidential care to help you maximize your benefits and spend less.

There's a reason more than **100 million people** count on Teladoc Health.
